Sunday the 12th, East Theatre

Group 3, 8am thru 12pm

Group 4, 1pm thru 4pm

Group 5, 5pm thru 8pm

This is technically a Call Back. NOT a table read. This callback will require you to read the entire script and may last for up to 4 hours long. We will provide water and snacks. This may seem different from what you are use to but this is how I work.

You can be one of two people.

One is you're the few that are selected to be in groups of 11 members. There will be 5 groups total. Each group will read the script together and will require that you interact/improvise with the other actor(s) in the scenes you read. PLEASE rehears your lines at home before you come to the call back. We will expect you to have already rehears your lines in the ENTIRE script.

You don't have to memorize the script but you must know how you are going to deliver and act your lines and hold your script at the same time if not memorized.

We only have up to 4 hours each group. If you don't show up or on time, you may lose your spot in the callback read with your group. The means an Alternate will be called to fill in for you and keep your spot.

The reason we allocated up to 4 hours each group is because each group will get slight direction from the DIRECTOR and also allow for camera setup time. This will be recorded.

Two is you are among the ALTERNATES. I can't say that you should be there both days but anytime you are there will increase your chances to fill in if there are no shows during the two callback days.
